

# Information Pack

Discover a new and exciting way of learning at Swales Online Academy. Our unique teaching platform offers students the opportunity to learn via our state of the art portal. With this innovative technology, we pride ourselves in providing an inclusive approach to education.

Our typical school day is similar to traditional educational establishments but without the constraints of a classroom environment. Our highly qualified and experienced teachers are available full-time to support and nurture students with a blended and structured curriculum. We can also support progression through to National Senior Certificate level.

As part of our commitment to students and parents, our platform is available to everyone for an honest and open style of learning.

## School Info:

- \* Language: English
- \* Grades: 4-9 (Grades 10-12 being phased in annually)
- \* All workbooks included in the portal

## Our Unique Video Learning

The online portal has been designed to engage students using CAPS curriculum-based video and media lessons. Students will enjoy a variety of interactive lessons via the portal, with everything from seamless presentations to one-on-one support. Our highly qualified and experienced teachers are also available full-time to mentor pupils alongside full access to resources on the platform.

# CAPS CURRICULUM ONLINE SUBJECTS

## Grades 4–6

English, Afrikaans,  
Mathematics,  
Natural Science and  
Technology, Social  
Sciences, Life Skills.

## Grades 7–9

English, Afrikaans,  
Mathematics, Natural  
Science, Social Sciences,  
Technology, Economic  
and Management
